

CALLING ALL JUNIOR VETERINARIANS!

Join the doctors and staff of MedVet Chicago as they host an interactive children's veterinary program, where students can learn the basics of veterinary care and what it's like to be a veterinarian. During each Junior Vet Academy session, students will experience a fun-filled day of hands-on veterinary activities, including:

- Surgery
- Bandaging
- X-rays
- Microscopes
- Patient Exams
- and much more!

Each student will take home a lab coat, stethoscope, graduation certificate, and their very own stuffed animal patient!

Enroll Today!
